

District 7450 Rotary Leader

Volume 6 Number 11

May 2012

Message from DG Bonnie

I don't know which month in the Rotary calendar is the busiest; each month I am left breathless with all we are doing and then I am amazed with the activity the next month brings.

April finished up with a bang – or shall we say the slap of a paintbrush, the “vuump” of a shovel, the strike of a hammer on a nail as we joined glove to glove with Rotarians around the world, working together to make our little spot on the earth just a little cleaner, safer, better – **ROTARIANS AT WORK DAY**. I was so proud to go into the international Rotarians at Work Day website where clubs from districts all over registered their projects and see what GREAT representation came from District 7450.

Over and over I have been struck by the inspiration that can come from one single person – especially if that person is a Rotarian. One person had the light bulb turn on at the thought of Rotarians everywhere doing work projects on the same day. What an opportunity! Another Rotarian, Tom Henderson from England, was touched by the plight of those losing their homes because of earthquakes, tidal waves, hurricanes. He came up with emergency shelter in a box. As he thought about the logistics of making this work, getting this shelter to those who need it when they need it, he realized he had 1.2 Million friends all over the world – his Rotary friends.

In Kennett Square one November day, Dick Sanford noticed a family from Central America who recently had come North to work the fields and farms of Chester County with no winter clothing for the mom or the kids; they were shivering in the bitter wind. Dick took them into a local store and bought them winter necessities. But he didn't stop there. He asked questions, probed to the next level, found that in this lush area of economic opportunity there are pockets of poverty. He established Operation Warm – a simple idea: a new coat for kids that need one. He went to his Rotary Club and his Rotary District for the framework to make the idea work. In the 11 years since that November day, Operation Warm is active in 35 states. Operation Warm recently gave away its One Millionth coat.

The Power of One to Inspire: the power of all of us working together to make it succeed. On May 3, I will have the honor of presenting Dick Sanford with the Paul Harris Medal (plus one!) recognition from the Longwood Rotary Club. And with that medal, we will all remember the power of Paul Harris to inspire. What an example he left for us all.

*The power of one to inspire:
the power of many to make it work.*

At Helicopter Museum:

District 7450 celebration, installation slated June 24

Each year Rotary turns the page to its next chapter. In doing so, there is much to celebrate and anticipate.

This year is no different. DG Bonnie and DGE Dave invite you to join them at the Helicopter Museum, 1220 American Boulevard, West Chester Sunday, June 24. We will have a reception (beer, wine and soda included) with the opportunity to explore the museum beginning at 4:30 p.m.; dinner will be served at 5:30 p.m.

We will celebrate the past year in Rotary by recognizing some of our individual and District accomplishments. The RI board of directors recognizes no more than 150 Rotarians in any given year with the “Service Above Self” Award and this year we are privileged to have one of our own recognized with this award. Come help us celebrate.

Then we will install DG Dave along with his team of leadership, DGE Charles, DGN Doug and the Assistant Governors. Dave has invited Sarah Agnew to join us in special song and he also promises the appearance of a special guest. All in all, a great time will be had by all, as we work to fulfill the first goal of DG Dave's agenda – to HAVE FUN.

Complete cost for dinner, drinks and admission will be \$50 per person. Seats may be reserved by going to the District calendar at www.dacdb.com and registering at the event on the calendar with your form of payment.

“ I Hope You Dance”

Rotaractors elect Tierney Ulmer District Rotaract Representative (DRR) for 2012-2013

Tierney Ulmer, past president of West Chester University Rotaract Club, was elected District Rotaract Representative (DRR) for 2012-2013. Tierney was “elected” by a first-time ever election process for District 7450, which every Rotaract Club in the District participated in.

Tiery became involved in Rotaract when she went to her advisor during her freshman year hoping to change her major to international relations. Her advisor suggested staying with social work and joining the Rotaract Club at West Chester University to experience the international realm of her studies.

Tiery joined Rotaract at the end of her freshman year and was the only non-senior in the Club. That year, all but Tiery graduated and Tiery was left to run the Rotaract Club at the University. She became president her sophomore year and was elected president her junior year.

The WCU Rotaract Club and Tiery recently completed its first international project; a school reconstruction project in Monrovia, Liberia. Over the past semester and one-half, the Club had various fundraisers to raise the goal of \$8,900. While working on the project, Tiery saw the Club coming together as a team and sud-

denly becoming visible on campus. She really does believe it's because people were getting involved in something so much bigger than themselves. Tiery also has attended the past two 7450 District Conferences, and RYLA 2012 events with her sponsoring Club, The Greater West Chester Sunrise Rotary Club. Most recently she attended PETS where she met Sakuji Tanaka, the incoming president of R.I.

Tiery is finishing up her junior year at West Chester University where her areas of focus are social work and peace and conflict studies. Throughout her years at WCU, she has completed the State Farm Leadership Series, was awarded the Dorothy M. Cherri Service Scholarship, and has become a trained facilitator in a program called “Help Increase the Peace,” a conflict resolution workshop for students on campus.

Tiery interns at the Nationalities Service Center in the Survivors of Torture Program, working with refugees and asylum seekers.

Tiery indicates she is “very thankful and excited” to have the opportunity to work with the Rotaract Clubs of the District in the

Peace Scholar Pace to speak at Rotary Peace Symposium in Bangkok

D F Pace, Rotary District 7450 Peace Fellow, will address the upcoming World Peace Symposium in Bangkok in early May. Lieutenant Pace of the Philadelphia Police Department has

been very visible throughout Rotary District 7450 giving speeches and presentations. At the symposium he will relate his experiences as a student while at Chulalongkorn University and speak about the Peace Fellowship program's values to an international audience. This a terrific honor for D F Pace and Rotary District 7450.

West Chester Downtown Rotarians give story boxes

The Rotary Club of West Chester Downtown donated story boxes to the West Chester Public Library April 21. A story box is a learning tool that helps kids explore a book with an adult. It's a plastic box (with a lid) that contains: A book; items that are either found in the book, might represent a concept in the book or would be related to ideas that could be learned from the book.; a sheet listing the contents of the box; a list of simple questions that an adult can ask a young child after they look at the book together. For example:

"Counting Ducks" by Bruce Larkin

(accounting book that shows picture of rubber duckies, etc.)

Items: a few large and small rubber ducks, 10 plastic eggs, a baggy of feathers, foam board numbers.

Questions: Can you count the ducks on the pages? How many ducks are in the box? Which ducks are big and which are little? How many eggs are in the box? Do ducks lay eggs? real ducks have feathers? What do feathers feel like? Which items in the box are yellow? What do you like about this book?

On hand to present story boxes to West Chester Public Library are (from left) Eric Metzker, Dom Marinucci, Ellie Diener (Children's Librarian, West Chester Public Library), Carol Metzker, Clint Wiggins, Chris Feryo and Lizabeth Ginter Connors.

1988 Rotary Exchange student returns to West Chester

It's been 24 years since Rejane Andrien arrived in West Chester as a 17 year-old Rotary exchange student from Belgium.

Hosted by the Rotary Club of West Chester, Rejane stayed with Rotarian Jack Wintermute and his family. Rejane and Julie Wintermute became close friends at the high school, It was Julie who persuaded her parents to host Rejane. The friendship between the two has continued since 1988.

Rejane and her daughter Berengere Franck, and her stepdaughter, Lena Brouwir, recently visited the Wintermute's. "It has been fun for the girls to see where I had been living because I talk about it all the time; it's part of my life," Rejane said.

"The Wintermutes really are my second family, and for Janet (Wintermute), I'm her second daughter. The relationship is very important."

During a recent return visit to her host family, Rejane said one of her biggest challenges was arriving on Saturday and starting school on Monday. "The school (Henderson High School) seemed so huge, the language was amazing, everything was huge!"

She said she also found the days tiring and tough since she was concentrating on the language and learning a different school schedule, as well as participating in sports (swim team and volleyball). "It was kind of difficult getting used to but once you get into it, you don't want to leave," she said.

Rob Partridge, director of communications and community relations for the West Chester Area School District, said the district is thankful to have an organization

like Rotary to provide this service to the community.

"Rotary's contribution is important here. It brings us such wonderful students who come back and show their appreciation. It's a wonderful example of networking on a global scale."

Six Rotary Clubs host dinner for veterans, families

Among those on hand for Area 1 dinner honoring returning veterans are three new Rotarians and members of Shady Brook Rotary Club who were inducted by DG Bonnie Korengel during the program. They are (from left) (from left) Jim Tobin with Shady Brook Club president Mark Nath, Ethan Shiller and Bill Cauffman.

Rotary Clubs of Bensalem, Bristol, Feasterville, Langhorne, Levittown-Fairless Hills and Shady Brook hosted a dinner for veterans and their families April 13 in Trevoze. Theme for the evening was "Understanding your returning veteran." DG Bonnie Korengel and Commander Russ Davidson of VFW Post 6393 in Yadley addressed those in attendance.

Rotarians involved in Economic Outlook event

Lincoln University hosted the Chester County Economic Outlook Breakfast, sponsored by Fulton Bank and State Farm March 30. During the breakfast, Fulton Bank presented \$25,000 grant to Lincoln University over the next five years. Two Fulton Bank scholarships were given to Lincoln University students. On hand were (from left) West Chester Rotarian Shauna Yeldell; Fulton Bank vice-president of commercial lending, who chaired the scholarship committee; scholarship winner Sinclair Mensah, senior in accounting and information technology and president of Lincoln University Rotaract; Dr. Robert Jennings, Ph.D., president of Lincoln University and a Rotarian who recently moved to the area; scholarship winner Maxwell Moomba, Lincoln University junior in accounting and finance; and Kenneth M. Goddu (right), president of the Brandywine Division of Fulton Bank.

Rotarians honor Kristen Nunn

Longwood Rotary Club honored Kristen Nunn, a senior at Unionville High School, as Student of the Quarter. On hand for the presentation are (from left) Rotarian John Sanville, superintendent of schools, Kristen, and Rosemary Gill, president of Longwood Rotary Club. Kristen has been awarded the Congressional Gold Medal for over 400 hours community service during the past two years, plus meeting her personal development, fitness and learning goals. In addition, she participates in science competitions at a very high level. Kristen's involvement in community service developed as part of her response to suffering Juvenile Arthritis. Kristen provides a workshop she developed on self esteem at the Garage Youth Center, works with deaf and blind kids at Valley View, provides regular science educational demonstrations at the Kennett Friends Home, and volunteers at the Delaware Museum of Natural History where she serves as an exhibit guard and a docent demonstrating science experiments.

Media Rotary Club Pancake Day: a Family, Friendly Tradition

The Rotary Club of Media sponsored its 46th Annual Pancake Day March 24 with over 800 tickets sold. "The annual pancake day has become a cherished event here in Media. I can remember eating Pancakes when my father was a Media Rotary Club member" commented Club president Bryan Messick.

Pancake Day, which raised just over \$3,000 has always been noted as a "friend raiser and a fundraiser" for the Club's local service projects. Estimates are the Rotarians have served tens of thousands pancakes since 1966. This year alone, estimates are over 2,000 pancakes were flipped by the Rotarians.

The Media Rotary Club is also the first Fair Trade Rotary Club, and this year's breakfast had a definite Fair Trade flavor. The beverage of choice was the special blend Fair Trade coffee, donated by the Global Libation Coffee Shop in Kutztown. Other donated Fair Trade items included bananas, sugar, and chocolate for chocolate chip pancakes. In conjunction with Pancake Day, Media Rotary also sold Fair Trade

coffee to promote Rotary International's goal of clean water.

Much of the items for breakfast were donated by local businesses such as Wawa food markets, Media Real Estate, Bakers Printing, Gibbons Automotive and the Boat House in
