

District 7450 Rotary Leader

Volume 5 Number 9

March 2011

Message from DG Joan

March is Literacy month. UNICEF estimates that one billion children and adults, approximately 15 percent of the world's population, lack basic literacy skills. According to the International Reading Association, 113 million children in developing countries alone are not in school and not learning to read. And worldwide, approximately 500 million women are illiterate, making up two-thirds of the adult population that cannot read. There are non-reading individuals

in every community in our District as well.

In 1985, Rotary International declared basic literacy to be necessary to the development of peace. As a result, more than one-half of the world's 33,000 Rotary Clubs address the full range of literacy challenges. We know that illiteracy not only comes at a high cost for the individual, it comes at a great cost to our society as a whole. About 65 percent of the inmates in our area prisons cannot read.

Consider: The annual cost for a prisoner in Pennsylvania is \$32,000. The cost for a dictionary is \$1.00. The cost of a Rotary Club visit to read to children and have children read to them is \$0!

We Rotarians know that early literacy training is critical to the success of a child's education. That's why our Clubs work to encourage and build reading skills at an early age.

How does a Club put together an effective project?

- By identifying literacy problems in their community or the larger world by conducting a needs assessment.
- By applying for matching grants for international projects and District Simplified Grants for community projects.
- By supporting county-wide literacy programs in our 6 county area.
- By believing that we can make a difference in our community by creating readers who can contribute to society.

"Education is a human right with immense power to transform. On its foundation rests the cornerstones of freedom, democracy and sustainable human development."
Kofi Annan, 7th UN Secretary General

April is *Rotarian* Magazine month. How will your Club highlight this valuable Rotary resource?

It's a shame we forget websites

By Gene Mitchell, District 7450 Technology Chair

Club web sites, as well as the District web site (rotary7450.org), are often a forgotten resource for Rotarians.

The president of each Rotary Club should mention the web sites at each meeting, not only for a reminder to members, but also for guests and the speaker.

Many of us remember it, but others don't. Add this simple item to your weekly agenda: to either mention the web sites or have your Club web designer mention it, along with any changes or additions.

It should also be your goal to update the web site frequently so members as well as potential members can know what is happening. The public is looking, so you want to show the best possible face of Rotary.

If you need help in updating your Club's web site or would like someone in your Club trained to do it, contact Jay Childress (info@rotary7450.org) or Gene Mitchell (genem@bee.net).

More than 30 Rotary Clubs as well as various District committees and Rotaract Clubs were on hand to provide colorful displays about their most recent initiatives at the Rotary District 7450 Project Fair Saturday, February 12, at Delaware County Community College.

In addition, there were ongoing power point and video presentations about different Rotary endeavors throughout the session.

"The Project Fair is a great tradition that needs to be an annual happening. It is all about Rotary Clubs sharing with and learning from each other," according to District Governor Joan Batory. "I was very gratified by the high quality of the many displays and the wonderful presentations. Hopefully, we can build on this for the future. There is a richness and humanitarian depth to so many of our Rotary efforts that deserve to be highlighted. It is a reminder that we are all part of an amazingly caring organization and a motivator to keep on doing what we do so well."

Philadelphia Rotary Club president Joe Batory presents details of Rotary Club's distribution of 2000 dictionaries, atlases and thesauruses at five Philadelphia schools last fall during the Project Fair at Delaware County Community College.

Musical at Media Theater to benefit Rotaplast

Rotary District 7450 Rotaplast Committee presents a night at the Media Theater with The Who's "Tommy the Musical: featuring the music of The Who, Thursday, May 12, at 7:30 p.m. Tickets are \$40.00 each and every penny goes to support surgery and change the lives of kids with cleft lips and palates. A Rotaplast reception will precede the show at 6:30 p.m.

After witnessing the accidental murder of his mother's lover by his father, Tommy is traumatized into catatonia, and as the boy grows, he suffers abuse at the hands of his sadistic relative and neighbors. As an adolescent, he's discovered to have an uncanny knack for playing pinball, and when his mother finally breaks through his catatonia, he becomes an international pinball superstar.

"Tommy the Musical" features the international hits "See Me, Feel Me" and "Pinball Wizard."

Rotaplast chairman Dan Bronson says, "Please join us for this great night of musical entertainment as we raise funds for our cleft lip and cleft palate surgery team that will go to change the lives of needy children in Venezuela. Contact me for tickets to this fantastic event.

"Remember that due to the generosity of the Media Theater, all proceeds will be used to provide surgery to the children and fulfill their dreams."

Krug (on right) and Winter Park Rotary Club president John Pare' exchange banners. Krug reported, "I did make-up visits, and met a lot of wonderful people at some very active Rotary Clubs. They all had their distinct 'flavors', some clubs were large with great attendance (100 out of 114), while others were small but extremely dedicated. Learned about projects and presentations, things like "Teacher-of-the-Month" and honoring their past-presidents with a surprise "history" of their membership on the anniversary of their joining."

Permant Fund program available

The Permanent Fund is an endowed fund invested permanently to build long-term stability for the Rotary Foundation's future. It supplements the Annual Programs Fund because a portion of the fund is allocated to benefit Foundation programs every year, providing an extra stream of income to meet the increasing demands for the Foundations' programs. The Annual Programs Fund supports programs today; the Permanent Fund is designed to secure those programs for tomorrow.

As you're balancing your check books and receiving credit card statements of all your purchases made over the holiday season, remember that giving to the Permanent Fund doesn't cost a nickel today.

Simply inform The Rotary Foundation of your intention to give over \$10,000 out of your estate at your death and you become a Bequest Society Member now.

District 7450 has two new Bequest Society Member's in the first half of the 2010-2011 Rotary year. Will you become one in the second half of the 2010-2011 Rotary year?

Permanent Fund District chair Bronwyn Martin has spoken to several Rotary Clubs recently about the Permanent Fund. For a 5 to 10-minute presentation, contact Martin at district7450.bronwyn@gmail.com.
